revives preserves
the original finish

For use on wood,
laminated and plastic
floors

Neutral cleaner

Non-slip

Pleasant scent

No rinsing

Ideal maintenance for
gyms and sports halls

Concentrate

Cleaner Lisabril™

PRODUCT DESCRIPTION

- Ideal for the regular maintenance of all lacquered wood, laminate and plastic floors and hard floors, BLANCHON CLEANER LISABRIL™ removes grease, cleans and leaves the surfaces dirt-free and without marks.
- It revives lacquered wood floors with gloss, satin, matt, ultra-matt, invisible effect and bare timber finishes.
- It maintains the action of metallised polishes: BLANCHON PROTECTORS satin or matt without altering the coat of lacquer.
- It is perfectly suited to large surfaces and is ideal for cleaning floors subject to heavy use (including gyms and sports halls).
- BLANCHON CLEANER LISABRIL™ is easy to apply with a microfibre mop, without rinsing.

SURFACE

- Lacquered wood floors* (finished on site or in the factory), laminate and plastic flooring (vinyl floors and tiles, etc.) or hard floors (marble, tiled, etc.).
- BLANCHON CLEANER LISABRIL™ may only be used on wood floors that have been lacquered or treated with a metallised polish (do not use on bare wood).

*Carry out a test on an inconspicuous area before treating the whole surface.

DIRECTIONS FOR USE

- Dilute 1 glass (100 ml) in 5L of hot water.
- Apply with a damp (not soaking) microfibre mop, sponge mop or floor cloth.
- Use only in well ventilated areas.
- **IMPORTANT:** an excessive amount of water must never be used on wood floors; always use tools that are thoroughly wrung out, not soaking wet. Do not exceed the recommended dosage: greater concentrations damage an attractive finish and can leave marks.

Cleaning of tools

- Clean tools with water immediately after use.
- Protecting the environment:
 - Carefully remove excess moisture from the equipment after application; dry thoroughly.
 - Rinse using very little water in a container; allow the water to evaporate.
 - The dry residue may then be disposed of normally in a bin.
 - Seal the containers properly after use.
 - Do not discharge the residue into drains.
 - Dispose of empty containers at a waste recycling centre.

DRYING TIMES

- Dust-free drying time: approx. 15 minutes.

COVERAGE

- 250 to 500 m²/L.

MAINTENANCE AND UPKEEP

- Normal cleaning: vacuum cleaner, broom, wool cloth. Regular damp mopping with a well wrung (never soaked) mop, with CLEANER LISABRIL™.
- Occasionally apply a thin coat of BLANCHON PROTECTOR for a perfect finish.

Blanchon

Cleaner Lisabril™

TECHNICAL DATA	
USE	Cleaning lacquered wood floors, laminate and plastic flooring, hard floors
ACTIVE INGREDIENTS	Surfactants, silicone free
AFNOR CLASSIFICATION	N/A
DENSITY	1.00 (at 20°C, as per NF T 30020)
